

Neuroscience Center 2016-SUN Program Schedule

Monday/Tuesday May 23rd/24th:

Louisiana Biomedical Research Network (LBRN) orientation at LSU Baton Rouge

Wednesday, May 25th:

Summer Undergraduate Neuroscience (SUN) Program begins (SUN and LBRN students first day at NCE)

Monday, May 30th:

animal care training with Dr. Leslie Birke- 1:00pm, at the LSUHSC Division of Animal Care Conference room 204, Clinical Science Research Bldg. (CSRB)

Tuesday, May 31st:

Safety/Ethics training 1:00 pm -2:30pm, Medical Education Building (MEB) Seminar Room A, 1st floor

Wednesday, June 1st:

Summer Research Program (Genetics) students begin research in the NCE

Beginning on June 2nd, every other Thursday at noon:

Pizza lunch with Neuroscience Faculty

June 3rd:

Summer Science Program (SSP) -pick up student 2:00pm-3:00pm MEB Room 4

Monday, June 6th:

SSP first full day in NCE lab

Monday, June 13th:

Students will submit to Dr. Bazan a description of their summer project. This should be in layman's terms and no more than two sentences

Tuesday, June 28th:

Summer Science Program (4 week HS program) last day in labs

Thursday, June 30th:

SSP presentations MEB 9am-1pm

Monday, July 4th:

Holiday

Thursday, July 21st:

Summer Research Program (Genetics) students last day at the NCE

Friday, July 22nd:

Summer Research Program (Genetics) students-poster presentations

Wednesday, July 27th:

Summer Undergraduate Neuroscience Program Research Presentations

Thursday, July 28th:

LBRN students last day at the NCE

Friday, July 29th:

SUN Program last day/LBRN poster presentation at LSU in Baton Rouge

Hours and mandatory meetings:

LBRN students are expected to be here 5 days per week and a full day (vacations are not allowed). LBRN mandatory meetings are held every Tuesday from 9:00am-11:30am (LSUHSC Medical Education Building, 6th Floor, enter through room 6262).

The **SSP** (4 week HS program) students will be in the labs from 9:00am-4:30pm M-Th. and until noon on Fridays, as they have mandatory Friday sessions at 1:00-4:00pm, MEB lecture room A.

Summer Research Program (Genetics) seminars will be every Monday at 3:00-4:00pm in the CSRB 563, 5th floor or the MEB Room S4, 3rd floor

**Thursday pizza luncheons schedule with NCE faculty are every other Thursday.
All students must attend.**

June 2nd:

Nicolas G. Bazan, M.D., Ph.D.,

Boyd Professor. Ernest C. and Yvette C. Villere Endowed Chair of Retinal Degenerations, Professor of Ophthalmology, Biochemistry and Molecular Biology, and Neurology, Director, Neuroscience Center of Excellence, Chair, Executive Research Council, Translational Research Initiative

June 16th:

Xiao Ching Li, Ph.D.,

Associate Professor, Neuroscience, Dept. of Cell Biology and Anatomy

June 30th:

Haydee Bazan, Ph.D.,

Professor, Ophthalmology, Biochemistry and Molecular Biology and Neuroscience

July 14th:

Jennifer Lentz, Ph.D.,

Research Assistant Professor of Otorhinolaryngology & Biocommunications,
Adjunct Research Assistant Professor of Ophthalmology
